# Season's Greetings

The iron horse has undergone many changes since the Rock Island celebrated its first Christmas, 105 years ago. But there's one thing we will never change — the sincere desire that you enjoy a memorable Holiday Season followed by a year of rich fulfillment.

*Just like the Christmas sentiments from the Rock Island Railroad sixty three years ago, the Rocky Mountain Railroad Heritage Society would like to wish you the same. Warmest thoughts and best wishes for a joyful Christmas Season!*
